

**GOOSE LAKE COUNCIL MINUTES**

**November 3, 2022**

Mayor Ken Schoon called the special meeting of the Goose Lake City council to order at 6:30 p.m. Council members present were Mike Mattis, joining the meeting by phone were Council Members Mike Schmidt, Matt Cain and Darrin Farrell. The special meeting was called for discussion on the progress of the new endpoint and meter project. The Mayor and Council had originally believed that only the broken meters would be replaced. However, it was determined by Water Operator Marty Jahn and SET representative Troy Shelton that most of the meters in town were very old and did not have the proper hook ups to be compatible with the new endpoints being installed. The City of Goose Lake will now need to replace nearly every meter in town as well as add the endpoints to each of the meters. Mayor Schoon commented this is what is needed and we will have to find the money in our budget.

Meeting was adjourned at 7:15 pm on a motion by D. Farrell, 2<sup>nd</sup> M. Schmidt. On roll call, carried unanimously. The next regular meeting will be at City Hall on November 17, 2022 at 7:00p.m.
