FUN FACTS:

- * Unlike other months, February can pass without a single full moon. This phenomenon next occurs in 2037.
- * The chance of being born on February 29th is roughly 1 in 1,461, which makes people born on that date—often called “leaplings”—quite rare.

=====

Joke of the Month:

Q: What’s the difference between February and a toddler?

A: Both are short, unpredictable, and will throw tantrums if you try to rush them

=====

In the event of a power outage that lasts 6 hours or more, the community center will be open for a “warming center”

There are about ten water meters that are not connecting to the cloud to send the Clerk a reading. If you do not want an estimate, you or Mayor Schoon can get a reading. Council is in the process of coming up with a solution with the ‘endpoint’- Please be patient.
